GO_CC: core−enrichment overlap
proteasome core complex
inner mitochondrial membrane protein complex
respiratory chain complex I
NADH dehydrogenase complex
cytochrome complex
calcium channel complex
contractile muscle fiber
mitochondrial protein−containing complex
sarcomere
myofibril
sarcoplasmic reticulum membrane
respiratory chain complex
mitochondrial inner membrane
proteasome complex
endopeptidase complex
organelle inner membrane
mitochondrial intermembrane space
nucleoid
mitochondrial nucleoid
mitochondrial membrane
organelle envelope lumen
organellar large ribosomal subunit
mitochondrial large ribosomal subunit
mitochondrial matrix
mitochondrial envelope
oxidoreductase complex
organellar ribosome
mitochondrial ribosome
intracellular protein−containing complex
organelle subcompartment
